

GoDanuBio

Paving the way for sustainable bioeconomy models in the Danube macro-region

Sergi Costa

BIOPRO Baden-Württemberg GmbH

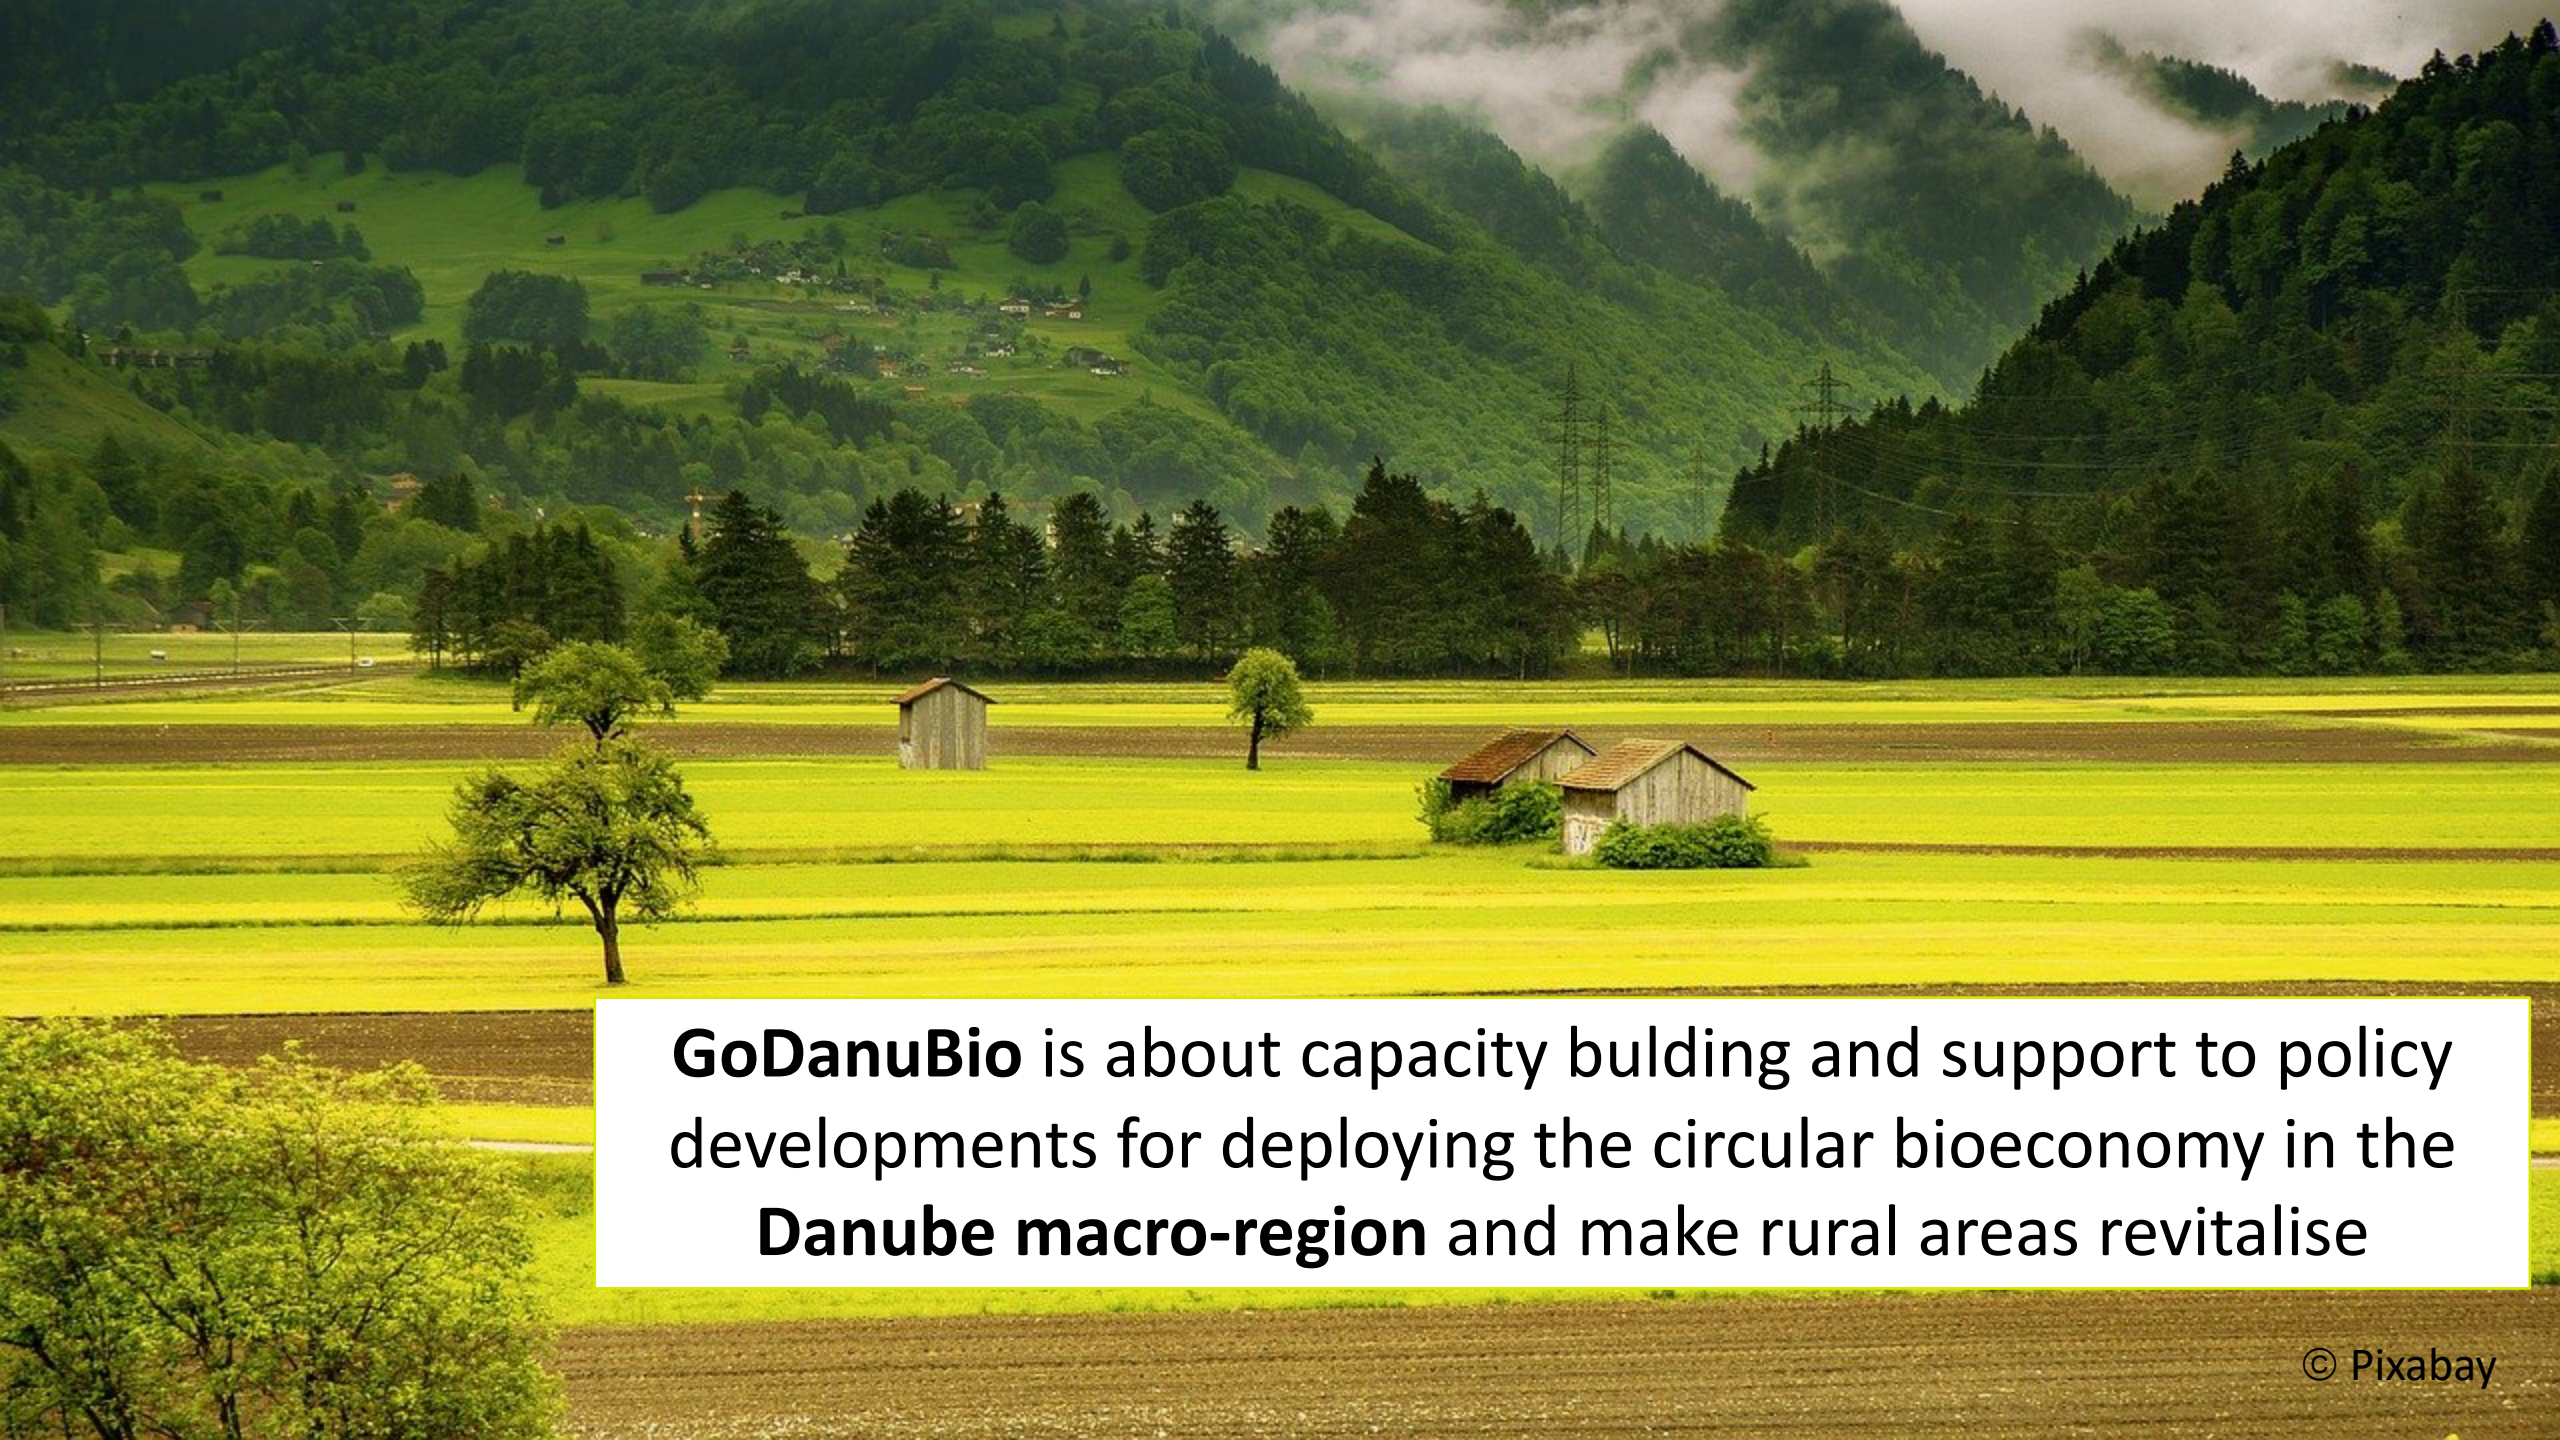

International SME Conference, Chisinau (Moldova)

8th December 2021

An overview to GoDanuBio

GoDanuBio is about capacity building and support to policy developments for deploying the circular bioeconomy in the **Danube macro-region** and make rural areas revitalise

We strive to make circular bioeconomy **roll** in the Danube regions

Partnership / Geographical coverage

■ Danube Transnational Programme area

Type of partners

-  **Cluster / Business support (12)**
-  National ministry (3)
-  Local public authority (2)
-  RTD organisation (1)
-  Lead Partner (1)
-  Associated strategic partner (7)

Contribution to UN sustainability goals

At least 10 goals are addressed; mainly 2, 9, 10, 13 and 15

Project co-funded by European Union funds (ERDF, IPA)

It is also about how we...

act politically

European Green Deal
@EUgreendead

allocate the funds

contribute to projects related to value chains

Danube Alliance

Resilient Value Networks
